

## Aura

**Aura is called a set of variable densities of electromagnetic forces coming out of the physical, etheric, mental, emotional and spiritual bodies. These particles of energy remain in suspension around our body as an oval covering. This auric covering protrudes of the body 1m in average around us, extending above the head, and beyond the feet, sinking into the ground.**

Aura Around The Physical Body

### **Mental Body:**

Is formed respectively includes the information and energy of our thoughts. Expresses itself through thoughts, ideas and images.

### **Emotional Body:**

Is formed respectively includes the information and energy of our emotions. Expresses itself through emotions and feelings.

### **Energy Body/ Etheric Body::**
